BIOINNOVATION CHALLENGE

APPLICATION *for* BIC 2019

#BIC2019

TAKE THE CHALLENGE - your opportunity to access professional pitch training and to compete for funds and services to bring your innovative idea to life.

Application
deadline
**August 9th,
2019**

THE GRAND PRIZE!

The winner of the pitch competition will be awarded \$25,000 in funding to develop their business & \$30,000 Advisory Services Package.

WHO IS ELIGIBLE?

Early stage life sciences companies or researchers, from Atlantic Canada with a clear intention to commercialize. If you are unsure if you qualify, please contact us.

HOW DOES THE BIOINNOVATION CHALLENGE (BIC) WORK?

BIC will have three evaluation rounds:

1 | Evaluation:

- A short application is submitted
- (8) eight semi-finalists are chosen to participate in our professional development training program in Halifax (September 9th & 10th)
- Dedicated, one-on-one time with the pitch coach is scheduled based on your mutual availability between September 16th & 31st and will occur remotely. Presentation templates and detailed assistance will be provided so all skill levels are encouraged to apply.

2 | The Pitch: The eight semi-finalists will present their 'Pitch' to a panel of judges representing industry and investment organizations knowledgeable about health and life sciences in Halifax (November 5)

3 | The Finals: The top three pitches from Round Two will go on to Round Three the following day during the main conference (November 6). The three finalists will present once more to the panel and to the conference audience, all of whom will have a role to play in choosing the winner. The announcement of the Grand Prize Winner will be made at the close of BioPort.

Kerri Mannette, Director of Operations
kmannette@bionova.ca
902 421 5705 ext. 3

1 | Applicant Information:

Name	Phone
Company or Institution	Email
Address	Website (if available)

2 | Executive Summary (no more than 1/2 page):

The idea or product, the market need and the benefits or positive impact it will provide.

3 | Proposal (no more than three pages):

- Innovation – describe the innovation, its novel nature and the need it could address.
- Benefit – describe the potential economic benefits and impacts your product could have, locally and/or globally.
- What is your measure of success?
- Commercialization Capability – describe your plan to take your idea to market.
- Who will help you get there - who is on your team, either as an employee, advisor, consultant or other?
- What supports will you need?
- Funding - if you were to win, how would you spend the \$25,000? What other funding do you need in the next 12 months?

4 | Availability:

Participants **MUST BE AVAILABLE** on all dates outlined within this application.

Terms and Conditions

The goal of the BioInnovation Challenge (BIC) is to elevate the abilities of new ventures and to offer a solid foundation for growth. For that reason, participation is as much about learning as it is winning. The professional pitch training on September 9th & 10th, 2019 in Halifax, and the remote one-on-one follow up is compulsory.

The grand prize money is intended to advance the commercialization of the product and shall be used as such.

Applications will be accepted via email until 11:59:59 PM on the due date and cannot be updated once submitted. Do not submit proprietary information.

In the unlikely event of low participation and if none of the entries meet the criteria, we reserve the right to withhold awards and determine the best path forward to accomplish the competition's goals. Prizes and program format are subject to change at our discretion.

BENEFITS OF PARTICIPATING IN BIC

All semi-finalists will gain additional exposure before, during and after the conference:

- Listing in the BioPort Atlantic program and on the conference website - www.bioportatlantic.ca
- Profile in a press release to be sent to local, regional and national media
- Inclusion in email marketing materials used to attract industry and professional attendees and partners to BioPort
- BioInnovation Challenge Finalist and BioInnovation Challenge Winner graphics will be provided (for use on your website, email signatures etc.), where appropriate
- Free registration for BioPort (limit of: one)

THE GRAND PRIZE

\$25,000 in funding will be awarded to the winner of the pitch competition to develop their business

\$30,000 worth of advisory services will be awarded to the winner of the pitch competition. The services will consist of:

- Mentoring and Coaching Advice
- Legal Consultation
- Risk and Insurance Assessment
- Communications and Branding Assistance
- Financial Planning Advice
- IP Strategy Management
- Second and Third Place Prizes may be offered*

Confidentiality: Any and all information submitted with this application will be treated as Confidential Information between the Applicant and BioNova. We do not recommend submitting proprietary, confidential or company sensitive information.

BIOINNOVATION CHALLENGE

ABOUT BIONOVA

BioNova leads, accelerates, and advocates for Nova Scotia's growing health and life sciences sector. Since 1993, BioNova has been accelerating the growth of its member companies. By hosting networking and educational events, and providing connections to potential funders and business resources, BioNova helps companies succeed. While these companies commercialize life-changing research to improve healthcare, provide healthier food, and develop sustainable solutions, BioNova advocates on behalf of the sector. BioNova champions the sector's cluster of world-class research facilities, incubator programs, and companies who, together, bring investment and jobs to Nova Scotia.
